

## FOR IMMEDIATE RELEASE:

July 29, 2020

### FOUR NEW COVID-19 CASES IN ALLEGANY COUNTY

CUMBERLAND, MD – The Allegheny County Health Department reports four new cases of COVID-19, bringing the county's cumulative total to 262. The latest cases include a female in her 30's, a female in her 70s, a male in his 30s and a male in his 60s. Only the female in her 70s has required hospitalization.

On Monday, a typographical error in our press release mistakenly listed the current case count at 253. The correct number at that time should have been listed as 258. The four additional cases reported today bring the total case count for Allegheny County up to 262.
